INTRODUCTION

- Learning today is challenging due to digital distractions
- Students struggle to stay focused and organized
- Need for a smart and interactive study solution
- This project introduces a Study App for students and learners

PROBLEM STATEMENT

01

Currently, most students and learners face problems like procrastination, small attention span, assignment overload, and so on which leads to negative impact in their grades and their overall learning . This project aims to make learning more interesting and interactive using various methods like pomodoro, flash cards, quizzes, etc.

OVERVIEW

2026

OUR OBJECTIVES:

The project we are developing aims to make the learning process enjoyable and easy while the app supports learners with adaptive features and reduces stress by making the learning process more fun and efficient.

TIME MANAGEMENT

Improve time management, focus, and student engagement

USER INTERFACE

Provide interactive and personalized learning experiences

SUPPORT SYSTEM

Support learners while reducing stress and making learning enjoyable

FEATURES:

01

TIME & FOCUS
TOOLS
(POMODORO,
TASKS, FOCUS
MODE)

02

INTERACTIVE
LEARNING
(FLASHCARDS,
QUIZZES,
PERSONALIZAT
ION)

03

MOTIVATION
& ACCESSIBILITY
(REWARDS,
SIMPLE UI,
SUPPORT TOOLS)

TOPIC-02

INTRODUCTION

- Teenagers often face difficulty managing their wardrobe.
- Choosing daily outfits can be confusing and time-consuming.
- A messy closet leads to loss of time, energy, and confidence.
- Wardrobe Savior is designed to simplify outfit selection and improve wardrobe organization.

PROBLEM STATEMENT

02

Currently, most teenagers face the problem of a messy closet and choosing a suitable outfit for the day leads to loss of time, energy and confidence. This project aims to make the task of choosing outfits less confusing and fast and also allows the user to experiment with their wardrobe without making a mess.

OVERVIEW

2026

OUR OBJECTIVES:

The project we are developing aims to simplify wardrobe management and improve the daily outfit selection experience for teenagers.

SMART ORGANIZATION

Organizing wardrobe items digitally helps users easily access and manage their clothing without creating physical clutter.

OUTFIT RECOMMENDATION

Providing suitable outfit suggestions based on occasion, mood, or weather makes daily decision-making faster and easier.

STYLE EXPLORATION

Allowing users to mix and match outfits virtually encourages creativity and confidence without making a mess.

FEATURES:

01

OUTFIT
RECOMMEND
BASED ON
OCCASION/
WEATHER

02

MIX & MATCH
FEATURE FOR
STYLING IDEAS

03

ACCESS

TOPIC-03

INTRODUCTION

- Households often require help for various daily tasks.
- Finding reliable workers for jobs like cleaning, plumbing, or caretaking can be difficult.
- Limited options and lack of proper platforms make the process time-consuming.
- Ghar Sathi connects households with skilled service providers in one place.

PROBLEM STATEMENT

03

Currently most households face the problem of not finding appropriate people for multiple tasks around the house such as cleaning, caretaking, plumbing, etc. which leads to loss of time and money, small pool of choices, and so on. This project aims to bring together such individuals and provide them with a platform to showcase their services making it easier for the households to better find and choose from those services as per required.

OVERVIEW

2026

OUR OBJECTIVES:

The project we are developing aims to simplify the process of finding reliable household service providers and improve the overall experience for users by making access to services like cleaning, plumbing, and caretaking faster, easier, and more organized.

RELIABLE CONNECTIONS

Creating a trustworthy environment where users can confidently hire service providers, reducing uncertainty and improving service quality.

EMPLOYMENT OPPORTUNITIES

Helping individuals showcase their services and connect with potential clients, thereby increasing job opportunities and promoting local employment.

CHOICE & CONVENIENCE

Offering users multiple service providers to choose from based on ratings, experience, and availability, ensuring better decision-making and satisfaction.

FEATURES:

01

BETTER
SERVICE
SEARCH

02

TRUSTED
RECOMMENDATION

03
